

Paragliding is one of the exciting adventure activities in Nepal. It is wonderful activities. A trip will take you over some of the best scenery on earth, you can experience this extreme scenic dignity as griffin vultures, eagles, kites, floating over the villages, monasteries, temples, lakes, and jungles, with a fantastic view of the magnificent Himalayas, if you wish to have such experience of flying easily in the sky freely like a bird Glacier adventure company would be the best option to do. Gliding is a weather dependent sport and the flying season in Nepal commences from November through February, the best months is considered to be the November and December. The takes off point for these flights is Sarankot (1592m.), which offers the views of Fewa lake and mountains at sunrise and sunset, provided the skies are clear and the landing is by the Fewa lake. Observing glory of Annapurna range and beautiful landscape around Pokhara valley, virgin Mt. Fishtail called Machhapuchhre in Nepali, Lamjung Himal, Annapurna Himal, Himchuli, range of rice field, rivers and settlements located below, gives you thrills with a great photographic opportunity. In order to have Paragliding, no previous experience is required as qualified pilots provide a short briefing before launching.
